We are a **Fortune 500** global ingredient solutions company with 2018 net sales of **\$5.8 billion**.

Ingredion is a leading global ingredient solutions provider. We turn **grains, fruit, vegetables** and **other plant materials** into ingredients that enhance our customers' products. Headquartered outside Chicago, Ill., we **serve more than 60 diverse sectors** in the food, beverage, animal nutrition, brewing and other industries.

INGREDIENTS

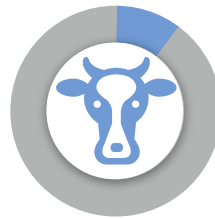

We provide ingredient solutions to help our customers meet rapidly evolving consumer demands worldwide. Our **starches, sweeteners, gums, biomaterials** and **specialty ingredients** address key consumer trends in health and nutrition, clean and simple labels, texture and sensory appeal, convenience, and affordability.

Ingredion Company of Choice for a Sustainable Tomorrow

SAFETY & CORPORATE RESPONSIBILITY

At Ingredion, nothing is more important than safety. We incorporate our safety strategy into everything we do and maintain a world-class safety record, as we relentlessly strive for zero accidents.

We incorporate sustainable practices and maintain high moral and ethical standards wherever we do business. We aspire to become the **Employer, Supplier, Customer, Neighbor, Investment and Company of Choice** by adhering to our core values.

QUALITY

79% of our production volume comes from ISO 9001 certified facilities, and **98%** of facilities have achieved Global Food Safety Initiative (GFSI) certification. We foster a culture of continuous improvement at every level of the business.
